Dear Fard Johnmar,

May 14, 2010

Thank you for your recent contribution of \$25.00 to the American Heart Association received on May 14, 2010. We're very grateful for your support. You're helping countless people live longer, healthier lives. Here's how.

- **Innovative Research.** You're helping bright young researchers do pioneering work. Our funding has produced revolutionary discoveries – CPR, clot-busting drugs, drug-eluting stents – and eight researchers who've won Nobel Prizes. You're making possible the next lifesaving breakthrough.
- **Vital Education.** You're helping millions of Americans learn about heart disease and stroke. How to lower their risk. Recognize warning signs. Respond in an emergency. That's benefiting adults, children, African Americans, Latinos, patients. People in your community. Thanks to you, your loved ones can better safeguard their health.
- **Quality Health Care.** You deserve the best treatment and care – and we're making sure you get it. Our guidelines help doctors make the right choices. And our programs help hospitals put proven care protocols in place.
- **A Voice in Government.** Our extensive advocacy network champions key issues at the local, state and national levels. The goal? To make us all safe from our nation's No. 1 killer, cardiovascular disease.

Thanks to you, we're building a healthier future, free of cardiovascular diseases and stroke. To learn more about our work, call 1-800-AHA-USA1 (1-800-242-8721). Or visit americanheart.org.

Thanks again for your generous support of our lifesaving work. For future reference, your confirmation number is 018876185. Please keep this letter as a receipt for your records. No goods or services were provided in consideration of this gift.

Sincere Thanks,

Nancy A. Brown
Chief Executive Officer
